Protest Against Draft at New Ulm.

A draft took place less than ten years ago, and this has raised vivid memories to the people of the area.

Following Prof. Ackerman's speech, the meeting adjourned after the band played "America," with those who knew the song joining in.

The following petition was adopted:

"We regard as illegal the whole draft system, and we call upon the President and Congress of the United States to prevent the adoption of any such measure in the future."

The Tomahawk was published in behalf of, and for the welfare of the Indians of the United States.
