Dear Parent or Guardian -

Good historical research goes beyond a Google search. Students need to learn what happened before, during, and after the main events of their topic.

Students will find different types of resources depending on the topic they are studying. History Day students will look at secondary sources, like books, websites, or databases. Students will also look at materials from the time period of their topic, called primary sources. These sources may include letters, diaries, photographs, interviews, or more.

Some of this research will be done at school, but many students will also work outside of school.

Parents and guardians play an important role in helping their student. However, it is important to remember that the project belongs to the student. How can you help?

- **Yes:** Provide transportation to or from libraries
- **Yes:** Help get to libraries or find materials on library shelves
- **Yes:** Assist students in understanding materials, which may be above their reading level
- **No:** Take notes for students
- **No:** Arrange for or do interviews

Thank you for supporting your student as they create a History Day project! You can learn more about History Day on our website, www.mnhs.org/historyday.
