

History Day Topic Funnel

Topic ideas generally start out broad - and too big for a History Day project. If your topic is too big, it's going to be challenging to fit everything you want into your project. We use the funnel to narrow our topics to a more manageable size.

Worksheet: History Day Topic Funnel

The diagram is a funnel shape divided into five horizontal sections. On the left side of the funnel, the labels 'Theme', 'General Interest', 'Broad Topic', 'Narrow Topic', and 'Research Questions' are aligned with their respective sections. The top section contains the text 'Debate & Diplomacy in History: Successes, Failures, Consequences'. The four sections below it each contain the text 'Write your own here:'.
