WORKSHEET: HISTORICAL CONTEXT

Historical context is how your topic influenced and was influenced by other people, events, and ideas. Consider what happened both before and after the main events of your topic.

How was the **setting** important to this topic?

What were the **immediate results** of your topic?

Were there **people or movements that influenced the topic**?

Did your topic **influence people, ideas, or events afterwards**?

What **ideas or events** took place at the time that were **related to your topic**?

What **long-term changes took place because of your topic**?

What other **major events took place before your topic** that are connected to your topic?

Why was your topic **significant in history**?
